Hi Karl!

So – Chairman Shimkus actually wants to come to your region to look at this site. Can we chat about this sometime later this week?

Subject: Shimkus Site Visit - West Lake Landfill, MO

Hey Laura - Chairman Shimkus wants to do a site visit of the West Lake Landfill in MO which we understand is a superfund site EPA has been involved in trying to settle out clean-up and monitoring for some time. It just happens to be next to a landfill that has been on fire for 3 years making it an extra exciting place to go.

I wanted to give you the head's up but also get some assistance in setting up the site visit since it is region 7 and we are used to region 5 if anything. Deb Detmers is on the email who runs Shimkus's IL operations. If we can get her in touch with the right person to set up a time and to ensure the correct EPA people are available that would be great. Thanks – Chris

Chris Sarley
Policy Director
Office of Congressman John Shimkus (IL-15)
